Euro Medium Term Note Programme

Under the €3,000,000,000 Euro Medium Term Note Programme (the **Programme**) described in this base prospectus (the **Base Prospectus**), Sparebanken Sør (the **Issuer, Sparebanken Sør** or the **Bank**) may from time to time issue notes (the **Notes** which term shall include, so far as the context permits, VPS Notes (as defined below)) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The Notes may be issued in bearer form or in uncertificated book entry form (the **VPS Notes**) settled through the Norwegian Central Securities Depository, *Verdipapirsentralen ASA* (the **VPS**).

As more fully described herein, Notes may be issued (i) on an unsubordinated basis (**Senior Preferred Notes**); (ii) on a non-preferred basis as provided in “*Terms and Conditions of the Notes other than VPS Notes*” or “*Terms and Conditions of the VPS Notes*”, as the case may be (**Senior Non-Preferred Notes**); or (iii) on a subordinated basis as provided in “*Terms and Conditions of the Notes other than VPS Notes*” or “*Terms and Conditions of the VPS Notes*”, as the case may be (**Subordinated Notes**). The Terms and Conditions of Subordinated Notes will not contain any events of default.

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €3,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under “*Overview of the Programme*” and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “Risk Factors”.

This Base Prospectus has been approved by the Central Bank of Ireland, as competent authority under the Prospectus Directive (as defined below). The Central Bank of Ireland only approves this Base Prospectus as meeting the requirements imposed under Irish and European Union (EU) law pursuant to the Prospectus Directive. Such approval relates only to the Notes which are to be admitted to trading on the regulated market (the **Regulated Market**) of the Irish Stock Exchange plc, trading as Euronext Dublin (**Euronext Dublin**) or another regulated market for the purposes of Directive 2014/65/EU (as amended) (**MiFID II**) and/or which are to be offered to the public in any Member State of the European Economic Area (the **EEA**).

Application has been made to Euronext Dublin for Notes issued under the Programme to be admitted to the official list of Euronext Dublin (the **Official List**) and to trading on the Regulated Market of Euronext Dublin. The Issuer has further requested that the Central Bank of Ireland send to the Norwegian Financial Supervisory Authority (*Finanstilsynet*) (the **NFSA**) in its capacity as the competent authority in Norway (i) a copy of this Base Prospectus and (ii) a certificate of approval pursuant to Article 18 of the Prospectus Directive attesting that the Base Prospectus has been drawn up in accordance with national law implementing the Prospectus Directive, for purposes of listing Notes on the Oslo Stock Exchange’s Regulated Market (Oslo Børs).

Each of the Regulated Market of Euronext Dublin and the Oslo Stock Exchange’s Regulated Market is a regulated market for the purposes of MiFID II. References in this Base Prospectus to Notes being **listed** (and all related references) shall mean that such Notes have been either admitted (i) to the Official List and to trading on the Regulated Market of Euronext Dublin or (ii) to trading on the Oslo Stock Exchange’s Regulated Market, as may be agreed between the Issuer and the relevant Dealer in relation to the relevant Series (as defined below).

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined in “*Terms and Conditions of the Notes other than VPS Notes*” or “*Terms and Conditions of the VPS Notes*”, as the case may be) of Notes will be set out in a final terms document (the **Final Terms**) which will be delivered to the Central Bank of Ireland and Euronext Dublin (if listed on Euronext Dublin). Copies of the Final Terms in relation to the Notes to be listed on Euronext Dublin will also be published on the website of Euronext Dublin.

The Programme is expected to be assigned an “A1” (Senior Preferred Notes) rating by Moody’s Investors Service Cyprus Limited (**Moody’s**). Moody’s is established in the EU and is registered under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**) and is included in the list of credit rating agencies registered under the CRA Regulation, which is available on the European Securities and Markets Authority (**ESMA**) website (<http://www.esma.europa.eu/page/list-registered-and-certified-CRAs>) (last updated on 2 July 2019).

Where a Tranche of Notes is rated, such rating will be disclosed in the applicable Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Interest and/or other amounts payable under Floating Rate Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) No. 2016/1011 (the **Benchmarks Regulation**). If any such reference rate does constitute such a benchmark, the applicable Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (**ESMA**) pursuant to Article 36 (*Register of administrators and benchmarks*) of the Benchmarks Regulation. Transitional provisions in the Benchmarks Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the applicable Final Terms. The registration status of any administrator under the

Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the applicable Final Terms to reflect any change in the registration status of the administrator.

IMPORTANT INFORMATION

This Base Prospectus comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive. When used in this Base Prospectus, **Prospectus Directive** means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the EEA.

The Issuer accepts responsibility for the information contained in this Base Prospectus and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer (having taken all reasonable care to ensure that such is the case) the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Base Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see "*Documents Incorporated by Reference*"). This Base Prospectus shall be read and construed on the basis that such documents are incorporated and form part of this Base Prospectus.

The Dealers have not independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus or any other information provided by the Issuer in connection with the Programme. No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme.

Subject as provided in the applicable Final Terms, the only persons authorised to use this Base Prospectus in connection with an offer of Notes are the persons named in the applicable Final Terms as the relevant Dealer or the Managers, as the case may be.

No person is or has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme or to advise any investor in Notes issued under the Programme of any information coming to their attention.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering, sale and/or transfer of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the EEA (including the United Kingdom and Norway) and Japan, see “*Subscription and Sale*”.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which such potential investor’s financial activities are principally denominated;
- (iv) understands thoroughly the terms of the relevant Notes and is familiar with the behaviour of any relevant indices and financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the assistance of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor’s overall investment portfolio.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the **Securities Act**) and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see “*Subscription and Sale*”).

Notes denominated in NOK may not be offered, sold or delivered in Norway or to or for the benefit of persons domiciled in Norway, unless in compliance with the regulations relating to the offer of VPS Notes and the registration in the VPS of VPS Notes.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET

The applicable Final Terms in respect of any Notes will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II (as defined above) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

IMPORTANT – EEA RETAIL INVESTORS

If the Final Terms in respect of any Notes includes a legend entitled “*Prohibition of Sales to EEA Retail Investors*”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded) (the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No. 1286/2014 (as amended) (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

In this Base Prospectus, all references to **U.S. dollars**, **U.S.\$** and **\$** refer to United States dollars, **NKR**, **NKr** or **NOK** refer to Norwegian Kroner, **GBP**, **Sterling** and **£** refer to pounds sterling, **yen** refer to Japanese Yen, and **euro** and **€** refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

Risk Factors

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Base Prospectus a number of factors which could materially adversely affect its business and ability to make payments under the Notes. In addition, factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available to it and which it may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings in this section.

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

Risks relating to the Norwegian property market

One of the Issuer's activities is mortgage lending. A downturn in the Norwegian economy could have a negative effect on the property market particularly, in the case of house mortgages, if this results in an increased level of unemployment or significantly higher interest rates. Values of property are affected by changes in general economic conditions (such as interest rates and inflation activity), the condition of financial markets, changing supply within a particular area of competing space and attractiveness of real estate relative to other investment choices, among other factors. The value of the real estate portfolio may also fluctuate as a result of external factors, such as changes in general political conditions, potentially adverse tax consequences, changing environmental standards and higher accounting and control expenses. Such a downturn in the property market may result in losses being incurred by lenders such as the Issuer on loans that have defaulted. This could have consequences for the Issuer's funding costs and credit ratings if there was deemed to be a material deterioration in the quality of the mortgage portfolio.

Regulatory risks

The Issuer is regulated by the Norwegian Financial Supervisory Authority (the **NFSA**). The regulatory regime requires the Issuer to be compliant across many aspects of its business, including, but not limited to, capital adequacy, solvency margin, the training, authorisation and supervision of personnel, systems, processes and documentation. If the Issuer fails to be compliant with relevant regulations, there is a risk of an adverse impact on the business of the Issuer, its results of operations and/or financial condition due to sanctions, fines or other action imposed by the regulatory authorities. Regulatory proceedings or investigations could also result in adverse publicity for, or negative perceptions regarding, the Issuer, as well as diverting management's attention away from the day-to-day management of the business.

In addition, financial services laws, regulations and policies currently affecting the Issuer may change at any time and any such change may have a material adverse effect on the Issuer's business. Furthermore, the Issuer will not always be able to predict the impact of future Norwegian legislation or regulation, or changes in the interpretation or operation of existing legislation or regulation on its business, results of operations and/or financial condition. Further changes to Norwegian financial services legislation or regulations may be enacted and such changes could have a material adverse effect on the Issuer's business, results of operations and/or financial condition and may result in increased costs to the Issuer due to it being required to set up additional compliance controls or due to the direct costs of compliance.

Economic activity in Norway

The Issuer's residential mortgage lending activities are dependent on the level of finance required by residential borrowers in the regions where the Issuer is engaged. In particular, levels of borrowing are heavily dependent on residential property prices, employment trends, state of the economy, market interest rates, taxation, mortgage lenders' level of income and other factors that affect the Norwegian economy. There has been stable growth in the Norwegian economy since the end of 2016.

This upturn in the Norwegian economy has continued. Employment levels are rising and capacity utilization appears to be slightly above the normal level. Consumer price inflation has risen over the past year, and underlying inflation is slightly above the 2 per cent. target. With higher economic growth and inflation, the expansionary monetary and fiscal policy has been gradually reversed. The central bank of Norway has raised its policy rate twice since September 2018.

As the Issuer conducts its business in Norway, its performance is influenced by the level and cyclical nature of business activity in Norway, which is in turn affected by both domestic and international economic and political events. There can be no assurance that a weakening in the economy of Norway will not have an adverse effect on the Issuer's future results of operations, financial condition and business prospects and its ability to perform its obligations under the Notes.

Risks relating to the Norwegian mortgage market

Relatively low interest rates and a strong increase in disposable income for many borrowers in recent years has reduced the financial strain on most households and led to a continued growth in demand for loans, especially in the residential mortgage market.

The Issuer is providing loans to corporates mainly in Agder and Telemark regions. Corporate lending is secured with primarily real estate as collateral. The capability of a corporate borrower to service the loan is often related to lease contracts. Negative impacts in the Norwegian economy in general and/or specific events in the Agder and Telemark regions, may affect the borrower's ability to lease out the property on attractive terms, and thereby affect its ability to service the loan.

High levels of indebtedness have increased the potential financial vulnerability of mortgage borrowers. A large proportion of households are vulnerable to a decline in income and rising interest rates. High debt levels mean that even a moderate rise in interest rates will lead to a significantly higher interest burden, and a reduction in disposable income. Most of the Norwegian household debt carries a floating interest rate.

Norwegian borrowers have historically preferred floating rate mortgages, and increases in interest rates could adversely affect the liquidity position of some borrowers. A gradual reversal of expansionary monetary policy and quantitative easing programs may contribute to higher and more normalised interest rate levels going forward according to regulations given by the FSA. The Issuer takes into account (among other factors) a possible increase in interest rates when calculating each customer's ability to meet its payment obligations in respect of mortgage loans. If the relevant interest rates rise to a level at which such borrowers are unable to meet their payment obligations on their mortgages, this may have an adverse impact on the Issuer's results of operations, financial condition and business prospects and its ability to perform its obligations under the Notes.

Competition

The Issuer's business is subject to risks related to the competitive position of the Issuer. The Group faces competition in the Norwegian residential mortgage market and has experienced pressure on lending margins. The Issuer and the Group may face pricing pressure in certain areas of their operations in the future as competitors seek to increase market share by reducing prices or offering new services at low prices. Increasing use of the internet by customers searching for mortgage providers also affects customer loyalty. There can be no assurance that increased competition will not adversely affect the Group and the Issuer's future results of operations, financial condition and business prospects and its ability to perform its obligations under the Notes.

Financial risks

Control of financial risk is one of the most important risk factors for financial institutions such as the Issuer. Financial risks include credit, liquidity, operational and market risk. Failure to control these risks can result in material adverse effects on the Issuer's financial performance and reputation.

Credit and counterparty risk

Credit risk is the risk of loss due to the Issuer's contractual counterparties or borrowers not having the ability or willingness to meet their payment obligations to the Issuer. This credit risk concerns all claims of the Issuer against its counterparties and borrowers, in particular its mortgage borrowers, lending to SME's and counterparties to derivatives/swap contracts.

The Board of Directors adopts the Issuer's credit strategy and policy. Credit risk is also managed through credit management routines, credit processes and award authorities. The Board of Directors has set targets and indication of direction, as well as quantitative limits that specify constraints and limits for risk tolerance. Compliance with the Issuer's credit policy is monitored by the Risk Management Division, which is an independent entity in relation to the customer departments.

Even though the credit policy outlines guidelines, requirements and quantitative limits, losses due to default by customers or counterparties may occur. Losses suffered by the Issuer due to counterparty or borrower default may have an adverse impact on the Issuer's results of operations, financial condition and business prospects and its ability to perform its obligations under the Notes.

Operational risk

Operational risk is the risk of losses as a result of inadequate or failing internal processes or systems, human errors or external events. Operational risk includes risk of default. Examples of operational risk is the occurrence of several types of adverse actions and events, including but not limited to money laundering, corruption, embezzlement, insider trading, fraud, threats to employees, authorisation failures and violations on adopted procedures and the failure of IT-systems. The occurrence of such adverse actions and events might cause reputational damage to the Issuer which could adversely affect new business sales. Negative publicity in respect of the Issuer could also potentially result in regulators subjecting the Issuer's business to closer scrutiny, which may in turn result in higher costs, sanctions or fines. Although the Issuer's operational risk is monitored by regular qualitative assessments, the occurrence of such actions or events may have an adverse impact on the Issuer's results of operations, financial condition and business prospects and its ability to perform its obligations under the Notes.

Risks related to non-compliance with rules on anti-bribery, anti-money laundering, anti-terrorist financing and economic sanctions

The Issuer is subject to rules and regulations regarding anti-bribery, anti-money laundering, anti-terrorist financing and economic sanctions. In general, the risk that banks will be subjected to or used for bribery or money laundering has increased worldwide. Monitoring compliance with existing and future anti-money laundering and anti-terrorism financing rules can put a significant financial burden on banks and other financial institutions and pose significant technical problems. Although the Issuer believes that its current policies and procedures are sufficient to comply with applicable rules and regulations, it cannot guarantee with certainty that its policies and procedures prevent instances of money laundering or terrorism financing. Any violation of anti-money laundering rules, or even the suggestion of violations, may have severe legal and reputational consequences for the Issuer and could, as a result, have a material adverse effect on the Issuer's financial condition and results of operations.

Liquidity risk

Liquidity risk is the risk that the Issuer is unable to meet its obligations or is unable to fund its assets without substantial additional costs, such as impairment in value of assets, or in the form of funding at an above normal cost level. Liquidity risk also includes the risk that the financial markets, on which the Issuer is dependent, will cease to function. Each of these events could adversely affect the Issuer's future results of operations, financial condition and business prospects and its ability to perform its obligations under the Notes.

Liquidity risk is managed through the Issuer's liquidity strategy, overall guidelines and routines and through established credit issuance authorisation. The liquidity risk is also managed by ensuring distribution of funding from the capital market among different maturities, funding sources and instruments.

Deposits from customers are the most important source of funding. However, the Issuer is to a large extent dependent on alternative sources of funding. Sparebanken Sør Boligkreditt AS also represents an important funding instrument, which ensures access to long-term funding through issue of covered bonds. The Issuer has an extensive liquidity reserve in the form of liquid interest-bearing securities. The Issuer's liquidity risk is followed-up through periodic reporting to the Board of Directors. Even though the liquidity strategy specifies guidelines and includes requirements of composition of the funding structure and liquidity reserve, the inability of the issuer to anticipate and provide for unforeseen decreases or changes in funding could have adverse consequences on the Issuer's ability to meet its obligations when they fall due.

Financial market risk

Financial market risk includes risks associated with profit variations in unsecured interest rate, currency and equity capital positions. Losses may arise due to fluctuations in interest rates, including credit spread and foreign exchange rates. Market risk is managed by means of limits for investments in equities, bonds, and on positions taken in fixed-income and currency markets. The performance in financial markets may cause changes in the value of the Issuer's liquidity portfolio.

The Issuer is affected by fluctuations in the currency market, particularly with regard to Norwegian Kroner, through its currency activities with customers, funding and investment activities. Changes in currency rate affect

the value of the Issuer's assets and liabilities denominated in foreign currency, and may affect other business areas.

The Board of Directors has established limits for investment in bonds and positions in the interest rate and currency market. Compliance with the limits is followed-up on an ongoing basis and is reported to the Board of Directors. The limits are at least reviewed once a year and adopted on a yearly basis by the Issuer's Board of Directors.

Legal risks

The Issuer is subject to financial services laws, regulations, administrative actions and policies in Norway. Changes in supervision and regulation could materially affect the Issuer's business, the products and services offered or the value of its assets. Future changes in regulations, fiscal or other policies are unpredictable and beyond the control of the Issuer.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME.

Notes are obligations of the Issuer only

The Notes will constitute obligations of the Issuer, and the Notes will not be obligations of, or guaranteed by, any other member of the Group or any other person. An investment in the Notes involves a reliance on the creditworthiness of the Issuer. In addition, an investment in the Notes involves the risk that subsequent changes in the actual or perceived creditworthiness of the Issuer may adversely affect the market value of the relevant Notes. No liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes shall be accepted by any other member of the Group or any of the Arranger, the Dealers or any other party to the transaction documents relating to the Programme.

Currency exchange rate risk and currency exchange control

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Exchange rate risks occur for the Issuer if the present value of assets and liabilities, including derivatives, in foreign currencies do not coincide. However, the Issuer may enter into currency derivatives to ensure that the risks do not exceed the limit values approved by the Board of Directors.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Interest rate risks occur when fixed interest periods of interest basis for assets and liabilities do not coincide.

The Issuer may enter into interest rate derivatives to ensure that the risks do not exceed the limit values approved by the Board of Directors.

Liquidity risk

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes issued under the Programme although the Issuer may also issue unrated Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances whilst the registration application is pending). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Base Prospectus.

RISKS RELATED TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes where the change of interest basis results in a lower interest return for Noteholders. Where the relevant Notes convert from a fixed rate to a floating rate, the spread on the relevant Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the relevant Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on the relevant Notes and could affect the market value of an investment in the relevant Notes.

Reset Notes

Reset Notes will initially earn interest at the Initial Rate of Interest to (but excluding) the First Reset Date. On and from the First Reset Date, the interest rate will be reset to the First Reset Rate of Interest (being the sum of the relevant Reset Reference Rate and the First Reset Margin, in each case, as specified in the applicable Final Terms) and on and from each Subsequent Reset Date (if any) thereafter, the interest rate will be reset to the Subsequent Reset Rate of Interest (being the sum of the relevant Reset Reference Rate and the relevant Subsequent Reset Margin, in each case, as specified in the applicable Final Terms), in each case as determined by the Calculation Agent on the relevant Reset Determination Date. The First Reset Rate of Interest and any Subsequent Reset Rate for any Reset Period could be less than Initial Rate of Interest, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest for prior Reset Periods, as applicable, and could affect the market value of an investment in the Reset Notes.

VPS Notes cannot be issued as Reset Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

There are risks that certain "benchmark" rates may be administered differently or discontinued in the future, including the potential phasing-out of LIBOR after 2021, which may adversely affect the trading market for, value of and return on, Notes based on such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks" (including LIBOR, EURIBOR, SIBOR, TIBOR, HIBOR and the Bank of England Base Rate), are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark". Regulation (EU) 2016/1011 (the **Benchmarks Regulation**) was published in the Official Journal of the EU on 29 June 2016 and mostly applies, subject to certain transitional provisions, from 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a "benchmark", in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant "benchmark".

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following effects on certain "benchmarks": (i) discourage market participants from continuing to administer or contribute to the "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmark" or (iii) lead to the disappearance of the "benchmark". Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a "benchmark".

Specifically, the sustainability of LIBOR has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of benchmark reforms) for market participants to continue contributing to such "benchmarks". On 27 July 2017, and in a subsequent speech by its Chief Executive on 12 July 2018, the UK Financial Conduct Authority (**FCA**) confirmed that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the **FCA Announcements**). The FCA Announcements indicated that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

In addition, on 29 November 2017, the Bank of England and the FCA announced that, from January 2018, its Working Group on Sterling Risk-Free Rates has been mandated with implementing a broad-based transition to the Sterling Overnight Index Average (**SONIA**) over the next four years across sterling bond, loan and derivative markets, so that SONIA is established as the primary sterling interest rate "benchmark" by the end of 2021.

Separate workstreams are also underway in Europe to reform EURIBOR using a hybrid methodology and to provide a fallback by reference to a euro risk-free rate (based on a euro overnight risk-free rate as adjusted by a

methodology to create a term rate). On 13 September 2018, the working group on euro risk-free rates recommended Euro Short-term Rate (€STR) as the new risk free rate. €STR is expected to be published by the ECB by October 2019. In addition, on 21 January 2019, the euro risk free-rate working group published a set of guiding principles for fallback provisions in new euro denominated cash products (including bonds). The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts may increase the risk to the euro area financial system.

It is not possible to predict with certainty whether, and to what extent, certain "benchmarks" (including LIBOR and EURIBOR) will continue to be supported going forwards. This may cause certain "benchmarks" to perform differently than they have done in the past, and may have other consequences which cannot be predicted. Such factors may have (without limitation) the following effects on certain "benchmarks": (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the "benchmark" and/or (iii) leading to the disappearance of the "benchmark".

Investors should be aware that the Terms and Conditions of the Notes other than VPS Notes and the Terms and Conditions of the VPS Notes, as the case may be, provide for certain fallback arrangements for the purpose of determining the relevant rate of interest (or, as applicable, any component part thereof) applicable to an issue of Floating Rate Notes or Reset Notes.

In relation to (i) Notes that are Reset Notes and where Mid-Swap Rate is specified as the manner in which the rate of interest is to be determined in the applicable Final Terms and (ii) Notes that are Floating Rate Notes and where Screen Rate Determination is specified as the manner in which the rate of interest is to be determined in the applicable Final Terms (any such Notes as described in (i) and (ii) above being **Relevant Notes**), if Reference Rate Replacement is specified in the applicable Final Terms as being applicable, such fallback arrangements will include the possibility that, upon the occurrence of a Benchmark Event in relation to an Original Reference Rate, the relevant rate of interest (or, as applicable, component part thereof) could be set or, as the case may be, determined by the Issuer (having consulted with an Independent Adviser) by reference to a Successor Reference Rate or an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread, in any such case, acting in good faith and in a commercially reasonable manner (as described more fully in the Terms and Conditions of the Relevant Notes).

An Adjustment Spread is either (a) the spread (which may be positive, negative or zero) or (b) the formula or methodology for calculating a spread, in each to be applied to the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be), and is the spread, formula or methodology which:

- (i) in the case of a Successor Reference Rate, is formally recommended in relation to the replacement of the Original Reference Rate with such Successor Reference Rate by any Relevant Nominating Body (which may include a relevant central bank, supervisory authority or group of central banks/supervisory authorities), or (if no such recommendation has been made, or in the case of an Alternative Reference Rate);
- (ii) the Issuer, following consultation with the Independent Adviser, determines is customarily applied to the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or (if the Issuer determines that no such spread is customarily applied);
- (iii) in the case of an Alternative Reference Rate, is in customary market usage in the international debt capital markets for transactions which reference the Original Reference Rate, where such rate has been replaced by such Alternative Reference Rate; or
- (iv) the Issuer, following consultation with the Independent Adviser, determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be); or
- (v) the Issuer determines that no such industry standard is recognised or acknowledged, the Issuer, in its discretion, following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines to be appropriate, having regard to the objective of reducing or eliminating, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to the Noteholders.

The application of an Adjustment Spread may result in the Relevant Notes performing differently (which may include payment of a lower interest rate) than they would do if the relevant Original Reference Rate were to

continue to apply in its current form. In addition, the application of an Adjustment Spread could have unexpected commercial consequences and there can be no assurance that, due to the particular circumstances of each Noteholder, any such Adjustment Spread will be favourable to each Noteholder.

In addition, the Issuer may also determine (acting in good faith and in a commercially reasonable manner and in consultation with the Independent Adviser) that other amendments to the Terms and Conditions of the Relevant Notes are necessary in order to follow market practice in relation to the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and to ensure the proper operation of the relevant Successor Reference Rate or Alternative Reference Rate (as applicable).

No consent of the Noteholders shall be required in connection with effecting any relevant Successor Reference Rate or Alternative Reference Rate (as applicable) or any other related adjustments and/or amendments described above.

In certain circumstances, the ultimate fallback of interest for a particular Interest Period or Reset Period, as applicable, may result in the rate of interest for the last preceding Interest Period or Reset Period, as applicable being used. This may result in the effective application of a fixed rate for Floating Rate Notes or Reset Notes based on the rate which was last observed on the Relevant Screen Page. In addition, in the case of Relevant Notes, due to the uncertainty concerning the availability of Successor Reference Rates and Alternative Reference Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Floating Rate Notes or Reset Notes linked to or referencing, or otherwise dependent (in whole or in part) upon, a "benchmark".

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Floating Rate Notes or Reset Notes linked to or referencing a "benchmark".

In addition, potential investors should note that:

- (a) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made if, and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Notes as (i) in the case of Senior Non-Preferred Notes, MREL Eligible Liabilities; or (ii) in the case of Subordinated Notes, Tier 2 Capital; and
- (b) in the case of Restricted Senior Preferred Notes and Senior Non-Preferred Notes only, no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made if, and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Relevant Regulator treating the next Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date.

In all such circumstances, the ultimate fallback for determining the rate of interest (which is described above) will apply.

The Issuer's obligations under Senior Non-Preferred Notes rank as described in the Terms and Conditions of the Notes other than the VPS Notes and the Terms and Conditions of the VPS Notes, as applicable

The Issuer's obligations under Senior Non-Preferred Notes will be unsecured and will rank as further described in Condition 3 of the Terms and Conditions of the Notes other than VPS Notes or in Condition 3 of the Terms and Conditions of the VPS Notes, as applicable. Although Senior Non-Preferred Notes may pay a higher rate of interest than Senior Preferred Notes or other liabilities of the Issuer which rank in priority to Senior Non-Preferred Notes, an investor in Senior Non-Preferred Notes may lose all or some of his investment should the Issuer become insolvent or should the Issuer or the Notes become subject to the actions described in the risk factor entitled "*Notes may be subject to loss absorption on any application of the general bail-in tool or at the point of non-viability of the Issuer*" below.

The Issuer's obligations under Subordinated Notes are subordinated

The Issuer's obligations under Subordinated Notes are unsecured and subordinated. Although Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is a significant risk that an investor in Subordinated Notes will lose all or some of his investment should the Issuer become insolvent.

On a liquidation, dissolution or winding-up of the Issuer by way of public administration (referred to herein as a **winding-up of the Issuer**), all claims in respect of the Subordinated Notes will rank *pari passu* without any preference among themselves, *pari passu* with claims in respect of Subordinated Parity Securities, in priority to claims in respect of Subordinated Junior Securities and junior to any present or future claims of Specified Senior Creditors. If, on a winding-up of the Issuer, the assets of the Issuer are insufficient to enable the Issuer to repay the claims of the more senior-ranking creditors in full, the Noteholders will lose their entire investment in the Subordinated Notes. If there are sufficient assets to enable the Issuer to pay the claims of senior-ranking creditors in full but insufficient assets to enable it to pay claims in respect of its obligations in respect of the Subordinated Notes and all other claims that rank *pari passu* with the Subordinated Notes, Noteholders will lose some (which may be substantially all) of their investment in the Subordinated Notes.

There is no restriction on the amount of securities or other liabilities that the Issuer may issue, incur or guarantee and which rank senior to, or *pari passu* with, the Subordinated Notes. The issue or guaranteeing of any such securities or the incurrence of any such other liabilities may reduce the amount (if any) recoverable by Noteholders during a winding-up of the Issuer and may limit the Issuer's ability to meet its obligations under the Subordinated Notes.

Notes may be subject to loss absorption on any application of the general bail-in tool or at the point of non-viability of the Issuer

On 2 July 2014, Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the **Bank Recovery and Resolution Directive** or **BRRD**) entered into force. BRRD has been implemented in Norway through amendments to Chapter 20 of the Act on Financial Institutions and Financial Groups of 10 April 2015 No. 17 (*Lov om finansforetak og finanskonsern av 10. april 2015 nr. 17*) (the **Financial Undertakings Act**), which took effect on 1 January 2019. The implementing legislation grants authority to the NFSA to implement detailed requirements and supplementary regulations in its capacity as resolution authority.

The Issuer is a Norwegian bank and accordingly falls within the scope of the BRRD as implemented in Norway. The only bankruptcy, composition, insolvency or administrative procedures to which a bank such as the Issuer could be subject under the laws of Norway, are either resolution pursuant to the tools provided for under the BRRD, or winding up by way of public administration as further set out in Chapter 20 of the Financial Undertakings Act.

The BRRD is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing credit institution, investment firm, certain financial institutions and certain holding companies (each, a **relevant entity**) so as to ensure the continuity of the relevant entity's critical financial and economic functions, while minimising the impact of a relevant entity's failure on the economy and financial system.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest: (i) sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control), which may limit the capacity of the firm to meet its repayment obligations; (iii) asset separation - which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in - which gives resolution authorities the power to write down certain claims of unsecured creditors of a failing institution (which write-down may result in the reduction of such claims to zero) and to convert certain unsecured debt claims (including Notes) to equity or other instruments of ownership (the **general bail-in tool**), which equity or other instruments could also be subject to any future cancellation, transfer or dilution.

The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

An institution will be considered as failing or likely to fail when: (i) it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts as they fall due; or (iv) it requires extraordinary public financial support (except in limited circumstances).

If the Issuer becomes subject to resolution as provided for in the BRRD, holders of Notes may be subject to the application of the general bail-in tool, which may result in such holders losing some or all of their investment. Such application could also involve modifications, including alteration of the principal amount or any interest payable on the Notes, the maturity date or any other dates on which payments may be due, as well as the suspension of payments for a certain period, to or the disapplication of provisions in, the Terms and Conditions of the Notes other than the VPS Notes and the Terms and Conditions of the VPS Notes, as applicable. As a result, the exercise of any power under the BRRD as implemented in Norway or any suggestion of such exercise could materially adversely affect the rights of Noteholders, the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes.

Any application of the general bail-in tool under the BRRD shall be in accordance with the hierarchy of claims in normal insolvency proceedings. Accordingly, the impact of such application on holders of Notes will depend on their ranking in accordance with such hierarchy, including any priority given to other creditors such as depositors.

To the extent any resulting treatment of holders of Notes pursuant to the exercise of the general bail-in tool is less favourable than would have been the case under such hierarchy in normal insolvency proceedings, a holder has a right to compensation under the BRRD based on an independent valuation of the firm (which is referred to as the “no creditor worse off safeguard” under the BRRD). However, any such compensation is unlikely to compensate that holder for the losses it has actually incurred and there is likely to be a considerable delay in the recovery of such compensation as compared to when amounts may otherwise have been due under the Notes.

In addition to the general bail-in tool, the BRRD provides for resolution authorities to have the further power to permanently write down or convert into equity capital instruments (such as the Subordinated Notes) at the point of non-viability and before any other resolution action is taken (non-viability loss absorption). Any shares issued to holders of the Subordinated Notes upon any such conversion into equity may also be subject to any application of the general bail-in tool and/or other resolution powers as outlined above.

For the purposes of the application of any non-viability loss absorption measure, the point of non-viability under the BRRD is the point at which: (i) the relevant authority determines that the institution meets the conditions for resolution (but no resolution action has yet been taken) or in the near future is expected to meet such conditions; or (ii) extraordinary public financial support is required by the institution or its group other than for the purposes of remedying a serious disturbance in the economy of a Member State and to preserve financial stability; and (iii) the relevant authority determines that the institution or its group will no longer be viable unless the relevant capital instruments (such as the Subordinated Notes) are written down or converted.

In addition to becoming subject to the general bail-in tool, holders of Subordinated Notes may accordingly be subject to write-down or conversion into equity as a result of the non-viability loss absorption rules, which may result in such holders losing some or all of their investment.

Under the BRRD, there is a requirement for EU financial institutions to hold certain minimum levels of own funds and other eligible liabilities (**MREL**) which would be available to be written down or bailed-in in order to facilitate the rescue or resolution of a failing bank. Such requirements came into effect (subject to transitional provisions) in the EU from 1 January 2016. Commission Delegated Regulation (EU) 2016/1450 of 23 May 2016 sets forth regulatory technical standards specifying the criteria relating to the methodology for setting the minimum requirement for own funds and eligible liabilities. In Norway, the MREL requirement will be set by the NFSA for each individual institution. As at the date of this Base Prospectus, the NFSA has not yet communicated a MREL requirement for the Issuer. However, the NFSA has published a statement in which it confirms that it expects to set a MREL requirement for the Issuer in the course of 2019. On 19 December 2018 the Norwegian Ministry of Finance passed and published general Norwegian MREL regulations by way of

amendments to the Financial Institutions Regulation of 9 December 2016 (the **MREL Rules**). According to the MREL Rules, any MREL requirement determined by the NFSA must after 31 December 2022 be fulfilled with debt instruments that rank junior to ordinary debt instruments issued by the institution. However, the MREL Rules are expected to be updated to reflect any changes to the MREL requirement set out in the BRRD or any legislation enacted thereunder.

Under current Norwegian law, there is a distinction between (i) instruments that are eligible and qualify for the fulfilment of the MREL requirement and (ii) instruments that may be bailed in (which is a broader concept). For example, instruments with an original maturity or a remaining maturity of less than one year may be bailed-in (but would not count as fulfilling the MREL requirement). Similarly, Senior Preferred Notes (which, as noted above, may not be eligible towards the MREL requirement after 31 December 2022) may be bailed-in. Noteholders should therefore be aware that a broad range of debt instruments may be liable to bail-in and Noteholders may lose all or some of their investment in any Notes that are bailed-in.

On 23 November 2016, the European Commission published legislative proposals for amendments to the directive of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms dated 26 June 2013 and published in the Official Journal of the European Union on 27 June 2013 (the **CRD IV**) and the Regulation 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the **CRR**), the BRRD and Regulation (EU) No. 806/2014 establishing a Single Resolution Mechanism for the Banking Union and proposed an amending directive to facilitate the creation of a new asset class of “non-preferred” senior debt (the **Proposals**). The Proposals covered multiple areas, including the Pillar 2 framework, the leverage ratio, the mandatory restrictions on distributions, the permission for reducing own funds and eligible liabilities, the macroprudential tools, a new category of “non-preferred” senior debt, the MREL (as defined above) framework and the integration of the Financial Stability Board’s proposed minimum total loss-absorbing capacity into EU legislation. The various directives and regulations intended to implement the Proposals were published in the Official Journal of the European Union on 7 June 2019 and will enter into force in the European Union 20 days thereafter, subject to various transitional provisions. Such directives and regulations implementing the Proposals have yet to be implemented as a matter of domestic law in Norway. It is unclear when Norwegian implementation will take place.

The new category of “non-preferred” senior debt mentioned above is included in the Proposals by virtue of a draft amending directive facilitating the creation of such new asset class of “non-preferred” senior debt which was published in final form on 12 December 2017 (the **Creditor Hierarchy Directive**). The Norwegian Ministry of Finance is currently considering a legislative proposal for transposing the Creditor Hierarchy Directive into Norwegian law, which was submitted to it by the NFSA on 3 June 2019. At the date of this Base Prospectus, uncertainty remains over the exact timing for adoption and entry into force of the national legislation transposing the Creditor Hierarchy Directive into Norwegian law.

Until the Proposals are implemented in Norway, it is uncertain how the Proposals will affect the Issuer or holders of the Notes.

There are limited events of default in relation to Senior Non-Preferred Notes and certain Senior Preferred Notes

There are limited events of default in relation to Senior Non-Preferred Notes and Senior Preferred Notes (unless Unrestricted Events of Default is specified as being applicable in the applicable Final Terms), as described in Condition 11 of the Terms and Conditions of the Notes other than VPS Notes or in Condition 11 of the Terms and Conditions of the VPS Notes. Accordingly, the rights of the holders of such Notes are restricted by the limited events of default.

There are no events of default in relation to Subordinated Notes

In the event that the Issuer fails to pay interest or principal when due on any Subordinated Note, the holders of such Notes shall not be entitled to bring proceedings against the Issuer for payment of such amounts.

There is no right of set-off or counterclaim in relation to Senior Non-Preferred Notes, Subordinated Notes and certain Senior Preferred Notes

In the case of (i) Senior Preferred Notes where No Right of Set-Off or Counterclaim is specified as being applicable in the applicable Final Terms, (ii) Senior Non-Preferred Notes and (iii) Subordinated Notes, no holder of such Notes or the relative Coupons who becomes, in the event of a liquidation, dissolution or winding-

up of the Issuer by way of public administration, indebted to the Issuer shall be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of such Notes held by the relevant Noteholder or Couponholder, as the case may be.

Senior Non-Preferred Notes and certain Senior Preferred Notes: MREL Disqualification Event Redemption

Where the applicable Final Terms specify that Condition 7.5 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(e) of the Terms and Conditions of the VPS Notes, as applicable, applies, if a MREL Disqualification Event (as defined in the Terms and Conditions of the Notes other than the VPS Notes and the Terms and Conditions of the VPS Notes) occurs, the Issuer may, at its option, but subject to obtaining the prior written permission of the Relevant Regulator (if applicable), on giving not less than minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance Condition 16 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 14 of the Terms and Conditions of the VPS Notes, as applicable, the Noteholders (which notice shall be irrevocable), as further provided in Condition 7.5 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(e) of the Terms and Conditions of the VPS Notes, as applicable, redeem all (but not some only) of the outstanding Notes comprising the relevant Series at the amount specified in the applicable Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

During any period when the Issuer may, or is perceived to be able to, elect to redeem Notes, the market value of such Notes generally will not rise substantially above and may in fact decrease below the price at which they can be redeemed. This may also be true prior to any redemption period.

There can be no assurance that holders of such Notes will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investments in such Notes, as the case may be.

Subordinated Notes: Capital Event Redemption

Where the applicable Final Terms specify that Condition 7.4 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(d) of the Terms and Conditions of the VPS Notes, as applicable, applies, if a Capital Event (as defined in the Terms and Conditions of the Notes other than the VPS Notes and the Terms and Conditions of the VPS Notes) occurs, the Issuer may, at its option, but subject to obtaining the prior written permission of the Relevant Regulator (if applicable), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 16 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 14 of the Terms and Conditions of the VPS Notes, as applicable, the Noteholders (which notice shall be irrevocable), as further provided in Condition 7.4 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(d) of the Terms and Conditions of the VPS Notes, as applicable, redeem all (but not some only) of the outstanding Notes comprising the relevant Series at the amount specified in the applicable Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

During any period when the Issuer may, or is perceived to be able to, elect to redeem Notes, the market value of such Notes generally will not rise substantially above and may in fact decrease below the price at which they can be redeemed. This may also be true prior to any redemption period.

There can be no assurance that holders of Subordinated Notes will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investments in the Subordinated Notes, as the case may be.

Call options are, in certain circumstances, subject to the prior consent of the Relevant Regulator

In addition to the call rights described above under “*Subordinated Notes: Capital Event Redemption*”, Subordinated Notes may also contain provisions allowing the Issuer to call them after a minimum period of five years. To exercise such a call option, the Issuer must (if, and to the extent, then required by the Relevant Regulator) obtain the prior written permission of the Relevant Regulator.

Any early redemption by the Issuer of Senior Non-Preferred Notes or Restricted Senior Preferred Notes is also subject to the prior written permission of the Relevant Regulator (if, and to the extent, then required by the Relevant Regulator and by the Applicable MREL Regulations).

Holders of such Notes should not invest in such Notes in the expectation that such a call will be exercised by the Issuer. The exercise of a call is subject to the Issuer’s discretion, and in addition the Relevant Regulator must agree to permit such a call, based upon its evaluation of the regulatory capital position of the Issuer and certain other factors at the relevant time. There can be no assurance that the Issuer will exercise its discretionary right to

exercise the call and/or that the Relevant Regulator will permit such a call, if exercised. Holders of such Notes should be aware that they may be required to bear the financial risks of an investment in such Notes for a period of time in excess of the minimum period (if applicable).

During any period when the Issuer may, or is perceived to be able to, elect to redeem Notes, the market value of such Notes generally will not rise substantially above and may in fact decrease below the price at which they can be redeemed. This may also be true prior to any redemption period.

There can be no assurance that holders of such Notes will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investments in such Notes, as the case may be.

In certain circumstances, the Issuer can substitute or vary the terms of the Notes

In the case of Subordinated Notes only, where the applicable Final Terms specify that Condition 7.12 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(l) of the Terms and Conditions of the VPS Notes, as applicable, applies, if a Capital Event has occurred or in order to ensure the effectiveness and enforceability of Condition 21 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 20 of the Terms and Conditions of the VPS Notes, as applicable, the Issuer may, subject to obtaining the prior written permission of the Relevant Regulator (if applicable), substitute all (but not some only) of the Subordinated Notes or vary the terms of all (but not some only) of the Subordinated Notes (including changing the governing law of Condition 21 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 20 of the Terms and Conditions of the VPS Notes from English law to Norwegian law), without the requirement for the consent or approval of the holders of the Subordinated Notes, so that they become or remain Qualifying Subordinated Securities.

In the case of Senior Preferred Notes and Senior Non-Preferred Notes only, where the applicable Final Terms specify that Condition 7.13 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(m) of the Terms and Conditions of the VPS Notes, as applicable, applies, if a MREL Disqualification Event has occurred or in order to ensure the effectiveness and enforceability of Condition 21 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 20 of the Terms and Conditions of the VPS Notes, as applicable, the Issuer may, subject to obtaining the prior written permission of the Relevant Regulator (if applicable), substitute all (but not some only) of the Senior Preferred Notes and Senior Non-Preferred Notes or vary the terms of all (but not some only) of the Senior Preferred Notes and Senior Non-Preferred Notes (including changing the governing law of Condition 21 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 20 of the Terms and Conditions of the VPS Notes from English law to Norwegian law), without the requirement for the consent or approval of the holders of the Senior Preferred Notes and Senior Non-Preferred Notes, so that they become or remain Qualifying MREL Securities.

The terms and conditions of such substituted or varied Notes may have terms and conditions that contain one or more provisions that are substantially different from the terms and conditions of the original Notes, provided that the relevant Notes remain or, as appropriate, become, Qualifying Subordinated Securities or Qualifying MREL Securities, as the case may be, in accordance with the Terms and Conditions of the Notes other than the VPS Notes or the Terms and Conditions of the VPS Notes, as applicable.

While the Issuer cannot otherwise make changes to the terms of Notes that, in its reasonable opinion, are materially less favourable to the holders of the relevant Notes as a class, the governing law of Condition 21 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 20 of the Terms and Conditions of the VPS Notes, as applicable, may be changed from English law to Norwegian law in order to ensure the effectiveness and enforceability. No assurance can be given as to whether any of these changes will negatively affect any particular holder. In addition, the tax and stamp duty consequences of holding such substituted or varied Notes could be different for some categories of Noteholders from the tax and stamp duty consequences for them of holding the Notes prior to such substitution or variation.

The gross-up obligation in relation to Senior Non-Preferred Notes, Subordinated Notes and certain Senior Preferred Notes is limited to payments of interest only

The Issuer's obligation under Condition 8 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 8 of the Terms and Conditions of the VPS Notes to pay additional amounts in the event of any withholding or deduction in respect of taxes on any payments under the terms of (i) Senior Preferred Notes where Restricted Gross-Up Senior Preferred Notes is specified as being applicable in the applicable Final Terms (ii) Senior Non-Preferred Notes and (iii) Subordinated Notes applies only to payments of interest and not to payments of principal. As such, the Issuer would not be required to pay any additional amounts under the terms of such Notes to the extent any withholding or deduction applied to payments of principal. Accordingly, if any

such withholding or deduction were to apply to any payments of principal under any such Notes, Noteholders may receive less than the full amount of principal due under such Notes upon redemption, and the market value of such Notes may be adversely affected.

The qualification of the Senior Non-Preferred Notes and certain Senior Preferred Notes as “eligible liabilities” is subject to uncertainty

The Senior Non-Preferred Notes and certain Senior Preferred Notes are intended to be “eligible liabilities” which are available to meet any MREL Requirement (however called or defined by the Applicable MREL Regulations then applicable) of the Issuer (**MREL Eligible Liabilities**). However, there is uncertainty regarding the final substance of the Applicable MREL Regulations and how those regulations, once enacted, are to be interpreted and applied and the Issuer cannot provide any assurance that such Notes will be (or thereafter remain) MREL Eligible Liabilities. There is therefore a risk that a MREL Disqualification Event may occur.

Upon the occurrence of a MREL Disqualification Event, the Issuer may, at its option but subject to Condition 7.11 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(k) of the Terms and Conditions of the VPS Notes, as applicable, (if applicable), (i) where the applicable Final Terms specify Condition 7.5 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(e) of the Terms and Conditions of the VPS Notes, as applicable, to be applicable, redeem all (but not some only) of such Series of Notes and (ii) where the applicable Final Terms specify Condition 7.13 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(m) of the Terms and Conditions of the VPS Notes, as applicable, if to be applicable, either substitute all (but not some only) of such Series of Notes for, or vary the terms of such Series of Notes so that they remain or, as appropriate, become Qualifying MREL Securities. See “*Senior Non-Preferred Notes and Senior Preferred Notes: MREL Disqualification Event Redemption*” and “*In certain circumstances, the Issuer can substitute or vary the terms of the Notes*” for a description of the risks related to an early redemption of Notes or the substitution or variation, as the case may be, of Notes.

Brexit may also have an impact on English law governed MREL or regulatory capital issuances, as there is currently uncertainty as to whether the NFSA, in its capacity as resolution authority in Norway, would be satisfied that any write-down or bail-in of these instruments by the NFSA would be recognised by English courts for the purposes of Article 55 of the BRRD. See further the risk factor entitled “*In certain circumstances, the Issuer can substitute or vary the terms of the Notes*”. For instance, it is not yet possible to predict any consequent impact of Brexit on any outstanding English law governed MREL or regulatory capital issuances by the Issuer.

In respect of any Notes issued with a specific use of proceeds, such as a “Sustainability Bond”, there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer’s intention to apply the proceeds from an offer of those Notes specifically to a portfolio of loans for essential social services (**Sustainability Loans**) and Notes issued thereunder to be referred to as **Sustainability Senior Bonds**. Prospective investors should have regard to the information set out in this Base Prospectus and/or the applicable Final Terms regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Sustainability Senior Bonds together with any other investigation such investor deems necessary. In particular no assurance is given by the Issuer or the Dealers that the use of such proceeds for any Sustainability Loans will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates (in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, the relevant Sustainability Loans). Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a “green” or “sustainable” or an equivalently-labelled loan or as to what precise attributes are required for a particular loan to be defined as “green” or “sustainable” or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. Accordingly, no assurance is or can be given to investors that any loans or uses the subject of, or related to, any Sustainability Loans will meet any or all investor expectations regarding such “green”, “sustainable” or other equivalently-labelled performance

objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any loans or uses the subject of, or related to, any Sustainability Loans. The Issuer intends to publish a framework relating to an investment in Sustainability Loans or the issuance of Sustainability Senior Bonds which will be made available on the Issuer's website.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may or may not be made available in connection with the issue of any Sustainability Senior Bonds and in particular with any Sustainability Loans to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold any such Sustainability Senior Bonds. Any such opinion or certification is only current as of the date that opinion was issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Sustainability Senior Bonds. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight.

In the event that any such Sustainability Senior Bonds are listed or admitted to trading on any dedicated "green", "environmental", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Sustainability Loans. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Sustainability Senior Bonds or, if obtained, that any such listing or admission to trading will be maintained during the life of the Sustainability Senior Bonds.

While it is the intention of the Issuer to apply the proceeds of any Sustainability Senior Bonds in, or substantially in, the manner described in this Base Prospectus and/or the applicable Final Terms, there can be no assurance that the relevant loan(s) or use(s) which are the subject of, or related to, any Sustainability Loans will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally disbursed for the specified Sustainability Loans. Nor can there be any assurance that such Sustainability Loans will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer. None of the Dealers will verify or monitor the application of the proceeds of any such Sustainability Senior Bonds issued under the Programme.

Any such event or failure to apply the proceeds of any issue of Sustainability Senior Bonds for any Sustainability Loans as aforesaid will not constitute an event of default, or, as the case may be, enforcement event under the relevant Sustainability Senior Bonds. The withdrawal of any opinion or certification as described above, or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on, and/or any such Sustainability Senior Bonds no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Sustainability Senior Bonds and also potentially the value of any other Sustainability Senior Bonds which are intended to finance Sustainability Loans and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

RISKS RELATED TO NOTES GENERALLY

Set out below is a description of material risks relating to the Notes generally:

Meetings of the Noteholders, Modification and Waivers

The Terms and Conditions of the Notes other than VPS Notes and the Terms and Conditions of the VPS Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes other than VPS Notes also provide that the Issuer and the Agent may, without the consent of holders of Notes other than VPS Notes, agree to any modification of the Notes other than VPS Notes, the Coupons or the Agency Agreement which is, in the opinion of the Issuer, of a formal, minor or technical nature or is, in the opinion of the Issuer, made to correct a manifest or proven error or to comply with mandatory provisions of the law. Any such modification shall be binding on the holders of Notes other than VPS Notes and the Couponholders as described in Condition 17 of the Terms and Conditions of the Notes other than VPS Notes.

The VPS Trustee Agreement provides that the Issuer and the VPS Trustee may agree to amend the VPS Trustee Agreement or the VPS Conditions without prior approval of the affected VPS Noteholders provided that (i) such amendment is not detrimental to the rights and benefits of the affected VPS Noteholders in any material respect, or (ii) such amendment is made solely for the purpose of rectifying obvious errors and mistakes, or (iii) such amendment or waiver is required by applicable law, court ruling or a decision by a relevant authority.

The VPS Trustee shall as soon as possible notify the VPS Noteholders of any proposal to make such amendments, setting out the date from which the amendment will be effective, unless such notice obviously is unnecessary.

Withholding Tax White Paper/Potential Issuer Redemption for Tax Reasons

In a White Paper to the Norwegian Parliament in October 2015 (Meld. St. 4 (2015-2016)), the Government advised that it will look further into the possible introduction of a Norwegian withholding tax on interest. A detailed proposal is expected to be submitted for public consultation when ready.

In the event of the withholding tax being implemented and the payments of interest in respect of an issue of Notes is subject to withholding tax, the Issuer would be required to gross up the payments in accordance with (but subject to the exceptions set out in) Condition 8 of the Terms and Conditions of the Notes other than VPS Notes and Condition 8 of the Terms and Conditions of the VPS Notes. If the Issuer has or will become obliged to pay additional amounts as provided in Condition 8 of the Terms and Conditions of the Notes other than VPS Notes and Condition 8 of the Terms and Conditions of the VPS Notes, the Issuer may (subject to the conditions set out therein) exercise its right to redeem the Notes at the Early Redemption Amount pursuant to Condition 7.2 of the Terms and Conditions of the Notes other than VPS Notes and Condition 7(b) of the Terms and Conditions of the VPS Notes.

Change of law

The Terms and Conditions of the Notes other than VPS Notes are based on English law, save for Conditions 2, 3 and 4 of such Conditions which are governed by Norwegian law

The Terms and Conditions of the VPS Notes are based on English law, save for Conditions 2, 3, 4, 13, 14, 15, 16 and 17 of such Conditions, which are governed by Norwegian law.

No assurance can be given as to the impact of any possible judicial decision or change to English law, Norwegian law or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes in bearer form which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes.

Form of the Notes

The Notes of each Series will be in either bearer form, with or without interest coupons and/or talons attached or, in the case of VPS Notes, uncertificated book entry form.

NOTES (OTHER THAN VPS NOTES)

Each Tranche of Notes other than VPS Notes will be in bearer form and will initially be issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Global Note**) and, together with a Temporary Global Note, each a **Global Note**) which, in either case, will:

- (i) if the Global Notes are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and
- (ii) if the Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depository (the **Common Depository**) for Euroclear and Clearstream, Luxembourg or any other agreed clearing system.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Global Note of the same Series or (b) definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon either (a) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Agent as described therein or (b) only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 11 (in relation to Senior Preferred Notes where Unrestricted Events of Default is specified as being applicable in the applicable Final Terms) or Condition 12 (in relation to Senior Preferred Notes (unless Unrestricted Events of Default is specified as being applicable in the applicable Final Terms) and Senior Non-Preferred Notes), as applicable) has occurred or is continuing and/or, (in the case of Subordinated Notes, Senior Preferred Notes and Senior Non-Preferred Notes) a payment default has occurred and is continuing with respect to such Notes, (ii) the Issuer has been notified that both Euroclear and

Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 16 of the Terms and Conditions of the Notes other than VPS Notes and Condition 14 of the Terms and Conditions of the VPS Notes if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (ii) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

The exchange upon notice or the exchange at any time upon an Exchange Event should not be expressed to be applicable if the Notes are issued in denominations comprising a minimum Specified Denomination (such as €100,000 (or its equivalent in another currency)) plus one or more higher integral multiples of another smaller amount (such as €1,000 (or its equivalent in another currency)). Furthermore, such Specified Denomination construction is not permitted in relation to any issue of Notes which is to be represented on issue by a Temporary Global Note exchangeable for definitive Notes.

The following legend will appear on all Notes (other than Temporary Global Notes) and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Any Senior Preferred Note or Senior Non-Preferred Note may be accelerated by the holder thereof in certain circumstances described in Condition 10 or Condition 11 of the Terms and Conditions of the Notes other than VPS Notes, as applicable. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note then the Global Note will become void at 8.00 p.m. (London time) on such day. At the same time, holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg on and subject to the terms of a deed of covenant (the **Deed of Covenant**) dated 19 August 2016 and executed by the Issuer.

Pursuant to the Agency Agreement (as defined in “*Terms and Conditions of the Notes other than VPS Notes*”), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

VPS NOTES

Each Tranche of VPS Notes will be issued in uncertificated and dematerialised book entry form. Legal title to the VPS Notes will be evidenced by book entries in the records of the VPS. On the issue of such VPS Notes, the Issuer will send a letter to the VPS Trustee, with copies sent to the Agent and the VPS Agent (the **VPS Letter**), which letter will set out the terms of the relevant issue of VPS Notes in the form of the Final Terms attached thereto. On delivery of a copy of such VPS Letter including the applicable Final Terms to the VPS and notification to the VPS of the subscribers and their VPS account details by the relevant Dealer, the VPS Agent will credit each subscribing VPS account holder with a nominal amount of VPS Notes equal to the nominal amount thereof for which it has subscribed and paid.

Settlement of sale and purchase transactions in respect of VPS Notes in the VPS will take place two Oslo business days after the date of the relevant transaction. Transfers of interests in the relevant VPS Notes will only take place in accordance with the rules and procedures of the VPS from time to time.

VPS Notes may not be exchanged for bearer Notes and *vice versa*.

GENERAL

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or the VPS shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event a supplement to the Base Prospectus or a new Base Prospectus will be made available which will describe the effect of the agreement reached in relation to such Notes.

Terms and Conditions of the Notes other than VPS Notes

The following are the Terms and Conditions of the Notes other than the VPS Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to “Form of the Notes” for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Sparebanken Sør (the **Issuer**) pursuant to the Agency Agreement (as defined below).

References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

- (a) in relation to any Notes represented by a global Note (a **Global Note**), units of each Specified Denomination in the Specified Currency;
- (b) any Global Note; and
- (c) any definitive Notes issued in exchange for a Global Note.

The Notes and the Coupons (as defined below) have the benefit of an amended and restated Agency Agreement (such Agency Agreement as amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) dated 5 July 2019 and made between the Issuer, and Deutsche Bank AG, London Branch as issuing and principal paying agent and agent bank (the **Agent**, which expression shall include any successor agent) and any other paying agents named therein (together with the Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents).

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Note which complete these Terms and Conditions (the **Conditions**). References to the **applicable Final Terms** are, unless otherwise stated, to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note.

Interest bearing definitive Notes have interest coupons (**Coupons**) and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons (**Talons**) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Global Notes do not have Coupons or Talons attached on issue.

Any reference to **Noteholders** or **holders** in relation to any Notes shall mean the holders of Notes and shall, in relation to any Notes represented by a Global Note, be construed as provided below. Any reference herein to **Couponholders** shall mean the holders of the Coupons and shall, unless the context otherwise requires, include the holders of the Talons.

As used herein, **Tranche** means Notes which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (a) expressed to be consolidated and form a single series and (b) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

The Noteholders and the Couponholders are entitled to the benefit of the Deed of Covenant (such Deed of Covenant as modified and/or supplemented and/or restricted from time to time, the **Deed of Covenant**) dated 5 July 2019 and made by the Issuer. The original of the Deed of Covenant is held by the common depository for Euroclear (as defined below) and Clearstream, Luxembourg (as defined below).

Copies of the Agency Agreement and the Deed of Covenant are available for inspection during normal business hours at the specified office of each of the Paying Agents. If the Notes are to be admitted to trading on the Regulated Market of the Irish Stock Exchange plc trading as Euronext Dublin (**Euronext Dublin**), the applicable Final Terms will be published on the website of the Central Bank of Ireland at www.centralbank.ie/regulation/securities-markets/prospectus/Pages/approvedprospectus.aspx and on the website of Euronext Dublin at www.ise.ie. If the Notes are to be admitted to trading on any other regulated market in the European Economic Area, the applicable Final Terms will be published in accordance with the rules and regulations of the relevant listing authority or stock exchange and otherwise in accordance with Article 14 of the Prospectus Directive. When used in the Conditions, **Prospectus Directive** means Directive

2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the European Economic Area. The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement, the Deed of Covenant and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Agency Agreement.

Words and expressions defined in the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. FORM, DENOMINATION AND TITLE

The Notes are in bearer form and, in the case of definitive Notes, serially numbered, in the currency (the **Specified Currency**) and the denomination(s) (the **Specified Denomination(s)**) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

This Note may be a Fixed Rate Note, a Floating Rate Note, a Reset Note, a Zero Coupon Note, or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

This Note may be a Senior Preferred Note, a Senior Non-Preferred Note or a Subordinated Note, depending upon the Status of the Notes shown in the applicable Final Terms.

Definitive Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in the Conditions are not applicable.

Subject as set out below, title to the Notes and Coupons will pass by delivery. The Issuer and the Paying Agents will (except as otherwise required by law) deem and treat the bearer of any Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking S.A. (**Clearstream, Luxembourg**), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and the Paying Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be. References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in Part B of the applicable Final Terms.

2. STATUS OF THE SENIOR PREFERRED NOTES

2.1 This Condition 2 applies only to Senior Preferred Notes and references to “Notes” and “Coupons” in this Condition 2 shall be construed accordingly.

The Notes and the relative Coupons are direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain debts required to be preferred by law) at least equally with all other unsecured obligations of the Issuer, present and future, from time to time outstanding. So long as any of the Notes remains outstanding (as defined in the Agency Agreement), the Issuer undertakes to ensure that the obligations of the Issuer under the Notes rank and will rank at least *pari passu* with all other unsecured and unsubordinated obligations of the Issuer and with all its unsecured and unsubordinated obligations under guarantees of obligations of

third parties, in each case except for any obligations preferred by mandatory provisions of applicable law.

2.2 **No right of set-off or counterclaim**

This Condition 2.2 applies only where No Right of Set-Off or Counterclaim is specified as being applicable in the applicable Final Terms.

No Noteholder who becomes indebted to the Issuer shall, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration, be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the Notes held by such Noteholder.

3. **STATUS OF THE SENIOR NON-PREFERRED NOTES**

This Condition 3 applies only to Senior Non-Preferred Notes and references to “Notes” and “Noteholders” in this Condition 3 shall be construed accordingly.

3.1 The Notes constitute direct, unconditional and unsecured obligations of the Issuer, and will at all times rank *pari passu* without any preference among themselves.

3.2 Subject as set out in Condition 3.3 below, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration (except, in any such case, a solvent liquidation, dissolution, or winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation of the Issuer, the terms of which reorganisation, reconstruction or amalgamation have previously been approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the holders of the Notes and do not provide that the Notes thereby become redeemable or repayable), claims of the Noteholders against the Issuer in respect of or arising under the Notes (including any amounts attributable to the Notes and any damages awarded for breach of any obligations thereunder) shall rank:

- (a) *pari passu* without any preference among themselves;
- (b) *pari passu* with claims in respect of Non-Preferred Parity Securities and Statutory Non-Preferred Claims, if any;
- (c) in priority to claims in respect of Non-Preferred Junior Securities; and
- (d) junior to any present or future claims of Senior Creditors.

3.3 At any time after the Creditor Hierarchy Directive has been implemented in Norway, the Issuer may (but is not obliged to), by providing notice (the **Ranking Notice**) to the Noteholders in accordance with Condition 16, specify that (subject to the laws of Norway) the Notes (together with any other outstanding Series of Senior Non-Preferred Notes) shall rank within the class of unsecured debt instruments of the Issuer having the lower priority ranking contemplated by Article 108(2) of the BRRD, as set out in the Creditor Hierarchy Directive with effect from the date specified in the Ranking Notice (for the avoidance of doubt, should there be any inconsistency between any statutory ranking which may be introduced in Norway in order to implement the provisions of Article 108(2) of the BRRD, if any, and the ranking as set out in Condition 3.2 above, such statutory ranking shall prevail).

3.4 **No right of set-off or counterclaim**

No Noteholder who becomes indebted to the Issuer shall, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration, be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the Notes held by such Noteholder.

4. **STATUS OF THE SUBORDINATED NOTES**

This Condition 4 applies only to Subordinated Notes and references to “Notes” and “Noteholders” in this Condition 4 shall be construed accordingly.

4.1 The Notes constitute dated, unsecured and subordinated obligations (*ansvarlig lånekapital*) of the Issuer, and will at all times rank *pari passu* without any preference among themselves. The Notes are subordinated as described in Condition 4.2.

4.2 In the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration (except, in any such case, a solvent liquidation, dissolution, or winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation of the Issuer, the terms of which reorganisation, reconstruction or amalgamation have previously been approved

by an Extraordinary Resolution of the holders of the Notes and do not provide that the Notes thereby become redeemable or repayable), claims of the Noteholders against the Issuer in respect of or arising under the Notes (including any amounts attributable to the Notes and any damages awarded for breach of any obligations thereunder) shall rank:

- (a) *pari passu* without any preference among themselves;
- (b) *pari passu* with claims in respect of Subordinated Parity Securities;
- (c) in priority to claims in respect of Subordinated Junior Securities; and
- (d) junior to any present or future claims of Specified Senior Creditors.

4.3 **No right of set-off or counterclaim**

No Noteholder who becomes indebted to the Issuer shall, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration, be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the Notes held by such Noteholder.

5. **INTEREST**

The applicable Final Terms will indicate whether the Notes are Fixed Rate Notes, Floating Rate Notes, Reset Notes or Zero Coupon Notes.

5.1 **Interest on Fixed Rate Notes**

This Condition 5.1 applies only to Fixed Rate Notes and references to “Notes” in this Condition 5.1 shall be construed accordingly.

Each Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

5.2 **Interest on Floating Rate Notes**

This Condition 5.2 applies only to Floating Rate Notes and references to “Notes” in this Condition 5.2 shall be construed accordingly.

(a) **Interest Payment Dates**

Each Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment

Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 5.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of the Notes will be determined in the manner specified in the applicable Final Terms.

(i) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is as the day specified in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(ii) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either the London interbank offered rate (**LIBOR**), the Euro-zone interbank offered rate (**EURIBOR**), the Norwegian interbank offered rate (**NIBOR**) or the Stockholm interbank offered rate (**STIBOR**), as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Specified Time on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of (A) above, no offered quotation appears or, in the case of (B) above, fewer than three offered quotations appear, in each case as at the Specified Time, the Reference Banks Agent shall request each of the Reference Banks to provide the Reference Banks Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Reference Banks Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Reference Banks Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Reference Banks Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR), the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Reference Banks Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Reference Banks Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR), the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

(c) **Minimum Rate of Interest and/or Maximum Rate of Interest**

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the

provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amounts

The Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the **Interest Amount**) payable on the Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(e) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(f) Notification of Rate of Interest and Interest Amounts

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Notes are for the time being listed and notice thereof to be published in accordance with Condition 16 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with Condition 16.

(g) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5.2, whether by the Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith, manifest error or proven error) be binding on the Issuer, the Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Agent or in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 Interest on Reset Notes

This Condition 5.3 applies only to Reset Notes and references to “Notes” in this Condition 5.3 shall be construed accordingly.

(a) Rate of Interest

Each Note bears interest:

- (i) from (and including) the Interest Commencement Date to (but excluding) the First Reset Date (the **Initial Period**), at the Initial Rate of Interest;
- (ii) for the First Reset Period, at the First Reset Rate of Interest; and
- (iii) for each Subsequent Reset Period thereafter (if any) to (but excluding) the Maturity Date, at the relevant Subsequent Reset Rate of Interest.

Interest will be payable, in each case, in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of each Interest Period falling in the Initial Period will amount to the Fixed Coupon Amount. Payments of interest on the first Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

The Calculation Agent will at or as soon as practicable after each time at which a Rate of Interest in respect of a Reset Period is to be determined, determine the relevant Rate of Interest for such Reset Period.

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, the Agent will calculate the amount of interest (the **Reset Notes Interest Amount**) payable on the Reset Notes for the relevant Interest Period by applying the relevant Rate of Interest to:

- (A) in the case of Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, the Reset Notes Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(b) Fallbacks

This Condition 5.3(b) applies only if the Reset Reference Rate is specified in the applicable Final Terms as Mid-Swap Rate.

If on any Reset Determination Date, the Relevant Screen Page is not available or the Reset Reference Rate does not appear on the Relevant Screen Page as at the Specified Time on such Reset Determination Date, the Rate of Interest applicable to the Notes in respect of each Interest Period falling in the relevant Reset Period will be determined by the Calculation Agent, on the following basis:

- (i) the Calculation Agent shall request each of the Reset Reference Banks to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately the Specified Time on the Reset Determination Date in question;
- (ii) if at least three of the Reset Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant quotations provided, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest (or, in the event of equality, one of the lowest) and (B) the Relevant Reset Margin, all as determined by the Calculation Agent;

- (iii) if only two relevant quotations are provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the arithmetic mean (rounded as aforesaid) of the relevant quotations provided and (B) the Relevant Reset Margin, all as determined by the Calculation Agent;
- (iv) if only one relevant quotation is provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the relevant quotation provided and (B) the Relevant Reset Margin, all as determined by the Calculation Agent; and
- (v) if none of the Reset Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this Condition 5.3, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) will be equal to the sum of:
 - (A) if Initial Mid-Swap Rate Final Fallback is specified in the applicable Final Terms as being applicable, (A) the Initial Mid-Swap Rate and (B) the Relevant Reset Margin;
 - (B) if Reset Maturity Initial Mid-Swap Rate Final Fallback is specified in the applicable Final Terms as being applicable, (A) the Reset Period Maturity Initial Mid-Swap Rate and (B) the Relevant Reset Margin;
 - (C) if Last Observable Mid-Swap Rate Final Fallback is specified in the applicable Final Terms as being applicable, (A) the last observable rate for swaps in the Specified Currency with a term equal to the relevant Reset Period which appears on the Relevant Screen Page and (B) the Relevant Reset Margin,
 all as determined by the Calculation Agent and (if the Calculation Agent is not the Agent) notified to the Agent.

(c) Reset Reference Rate Conversion

This Condition 5.3(c) is only applicable if Reset Reference Rate Conversion is specified in the applicable Final Terms as being applicable. If Reset Reference Rate Conversion is so specified as being applicable, the First Reset Rate of Interest and, if applicable, each Subsequent Reset Rate of Interest will be converted by the Calculation Agent from the Original Reference Rate Payment Basis specified in the applicable Final Terms to a basis which matches the per annum frequency of Interest Payment Dates in respect of the Notes (such calculation to be determined by the Issuer in conjunction with a leading financial institution selected by it).

(d) Notification of Rate of Interest and Interest Amounts

In respect of a Reset Period, the Agent will cause the relevant Rate of Interest in respect of such Reset Period and each Reset Notes Interest Amount for each Interest Period falling in such Reset Period to be notified to the Issuer and any stock exchange on which the relevant Reset Notes are for the time being listed and notice thereof to be published in accordance with Condition 16 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Reset Notes Interest Amount so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with Condition 16.

(e) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5.3, whether by the Agent or, if applicable, the Calculation Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the Calculation Agent (if applicable), the other Paying Agents and all Noteholders and Couponholders.

5.4 Reference Rate Replacement

If:

- (a) Reference Rate Replacement is specified in the applicable Final Terms and either (i) the Notes are Reset Notes and Mid-Swap Rate is specified in the applicable Final Terms as the Reset

Reference Rate or (ii) the Notes are Floating Rate Notes and Screen Rate Determination is specified in the applicable Final Terms as being applicable; and

- (b) notwithstanding the provisions of Condition 5.2(b)(ii) or 5.3(b), as applicable, a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or component part thereof) remains to be determined by reference to such Original Reference Rate,

then the following provisions shall apply to the Notes:

- (i) The Issuer shall use its reasonable endeavours to appoint an Independent Adviser (on the terms described in Condition 5.4(b)(ii) below), as soon as reasonably practicable, to consult with the Issuer in determining:

- (A) a Successor Reference Rate; or
- (B) if the Issuer fails so to determine a Successor Reference Rate, an Alternative Reference Rate,

and, in either case, an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) no later than three Business Days prior to the Reset Determination Date or Interest Determination Date, as applicable, relating to the next Reset Period or Interest Period, as applicable, (the **Issuer Determination Cut-off Date**), for the purposes of determining all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5.4).

- (ii) The Independent Adviser appointed pursuant to this Condition 5.4 shall act in good faith and in a commercially reasonable manner. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Agent, the other Paying Agents and all Noteholders and Couponholders, as applicable, for any determination made by the Issuer pursuant to this Condition 5.4.

- (iii) If a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is determined by the Issuer in accordance with this Condition 5.4:

- (A) such Successor Reference Rate or Alternative Reference Rate (as applicable) shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5.4);

- (B) such Adjustment Spread shall be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) for all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5.4);

- (C) the Issuer (following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner) may in its discretion specify:

- (x) changes to the Conditions in order to follow market practice in relation to such Successor Reference Rate or Alternative Reference Rate (as applicable), including, but not limited to (i) the Additional Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Reference Banks, Reset Reference Rate, Reset Reference Banks, Specified Time, Relevant Financial Centre, Reset Determination Date and/or Relevant Screen Page applicable to the Notes and (ii) the method for determining the fallback to the Rate of Interest in relation to the Notes if such Successor Reference Rate or Alternative Reference Rate (as applicable) is not available; and

- (D) any other changes which the Issuer determines are reasonably necessary to ensure the proper operation and comparability to the Original Reference Rate of such Successor Reference Rate or Alternative Reference Rate (as applicable),

which changes shall apply to the Notes for all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5.4); and

- (E) promptly following the occurrence of a Benchmark Event and the determination of any Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case, any Adjustment Spread, the Issuer shall give notice thereof (including, in the case of the appointment of an Independent Adviser, the name and contact details of such Independent Adviser) and of any changes (and the effective date thereof) pursuant to Condition 5.4(b)(iii)(C) to the Agent and the Noteholders in accordance with Condition 16.
- (iv) If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) a Successor Reference Rate or an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is not determined pursuant to the operation of this Condition 5.4 prior to the relevant Issuer Determination Cut-off Date, then the Rate of Interest for the next Interest Period shall be determined by reference to the fallback provisions of Condition 5.2(b)(ii) or 5.3(b), as applicable.
- (c) No consent of the Noteholders shall be required in connection with effecting the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case, the relevant Adjustment Spread as described in this Condition 5.4 or such other relevant changes pursuant to Condition 5.4(b)(iii)(C), including for the execution of any documents or the taking of other steps by the Issuer or any of the parties to the Agency Agreement (if required).
- (d) Notwithstanding any other provision of this Condition 5.4, the Agent is not obliged to concur with the Issuer or the Independent Advisor in respect of any changes or amendments as contemplated under this Condition 5.4 which would have the effect of (i) exposing the Agent to any liability or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Agent in the Agency Agreement and/or these Conditions.
- (e) Notwithstanding any other provision of this Condition 5.4, if in the Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5.4, the Agent shall promptly notify the Issuer and/or the Independent Advisor thereof and the Issuer shall direct the Agent in writing as to which alternative course of action to adopt. If the Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer and/or the Independent Advisor (as the case may be) thereof and the Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.
- (f) Notwithstanding any other provision of this Condition 5.4:
 - (v) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 5.4, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Notes as:
 - (A) in the case of Senior Non-Preferred Notes, MREL Eligible Liabilities; or
 - (B) in the case of Subordinated Notes, Tier 2 Capital; and
 - (vi) in the case of Restricted Senior Preferred Notes and Senior Non-Preferred Notes only, no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 5.4, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Relevant Regulator treating the next Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date.

5.5 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof,

payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 16.

6. PAYMENTS

6.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

6.2 Presentation of definitive Notes and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in Condition 6.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8 below) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Reset Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest

Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

6.3 Payments in respect of Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which it was presented and such record shall be prima facie evidence that the payment in question has been made.

6.4 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

6.5 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay.

6.6 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) the Final Redemption Amount of the Notes;
- (b) the Early Redemption Amount of the Notes;
- (c) the Optional Redemption Amount(s) (if any) of the Notes;
- (d) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7.7); and
- (e) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8.

7. REDEMPTION AND PURCHASE

7.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below or (if applicable, pursuant to Condition 7.12 or Condition 7.13) substituted, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

7.2 Redemption for tax reasons

Subject, if applicable, to the provisions of Condition 7.11, the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on an Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and in accordance with Condition 16, the Noteholders (which notice shall be irrevocable), if:

- (a) on the occasion of the next payment date due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8) or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of Notes; and
- (b) such obligation cannot be avoided by the Issuer taking reasonable measure available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Notes redeemed pursuant to this Condition 7.2 will be redeemed at their Early Redemption Amount referred to in Condition 7.7 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

7.3 Redemption at the option of the Issuer (Issuer Call)

This Condition 7.3 is not applicable for Subordinated Notes prior to five years from their Issue Date and references to “Notes” in this Condition 7.3 shall be construed accordingly.

If Issuer Call is specified as being applicable in the applicable Final Terms, subject, if applicable, to the provisions of Condition 7.11, the Issuer may, having given not less than the minimum period nor more than the maximum period of notice specified in applicable Final Terms to the Noteholders in accordance with Condition 16 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms.

If **Sterling Make-Whole Redemption Amount** is specified in the applicable Final Terms as the Optional Redemption Amount, the Optional Redemption Amount shall be equal to the higher of (i) 100 per cent. of the principal amount outstanding of the Notes to be redeemed or (ii) the principal amount outstanding of the Notes to be redeemed multiplied by the price, as reported to the Issuer by the Financial Adviser, at which the Gross Redemption Yield on such Notes on the Reference Date is equal to the Gross Redemption Yield (determined by reference to the middle market price) at the Quotation

Time specified in the applicable Final Terms on the Reference Date of the Reference Bond, plus the Redemption Margin, all as determined by the Financial Adviser.

If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of Condition 5(b)(ii)(B)(1), no offered quotation appears or, in the case of Condition 5(b)(ii)(B)(2), fewer than three offered quotations appear, in each case as at the Specified Time, the Reference Banks Agent shall request each of the Reference Banks to provide the Reference Banks Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Reference Banks Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Reference Banks Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded

upwards) of the rates, as communicated to (and at the request of) the Reference Banks Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR), the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Reference Banks Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Reference Banks Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR), the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of this paragraph (iii) is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) Determination of Rate of Interest and calculation of Interest Amounts

The Calculation Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable on the Notes in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(v) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the

length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(vi) Notification of Rate of Interest and Interest Amounts

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the VPS Agent, the VPS Trustee and any stock exchange on which the relevant Notes are for the time being listed (by no later than the first day of each Interest Period) and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the VPS Noteholders in accordance with Condition 14.

(vii) Determination or Calculation by the VPS Trustee

If for any reason at any relevant time the Calculation Agent defaults in its obligation to determine the Rate of Interest, the VPS Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the VPS Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Calculation Agent.

(viii) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5, by the Calculation Agent, shall (in the absence of wilful default, bad faith, manifest error or proven error) be binding on all parties and (in the absence of wilful default or bad faith) no liability shall attach to the Calculation Agent or the VPS Trustee (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Reference Rate Replacement

If:

- (i) Reference Rate Replacement is specified in the applicable Final Terms and Screen Rate Determination is specified in the applicable Final Terms as being applicable; and
- (ii) notwithstanding the provisions of Condition 5(b)(ii)(B), a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or component part thereof) remains to be determined by reference to such Original Reference Rate,

then the following provisions shall apply to the VPS Notes:

- (A) The Issuer shall use its reasonable endeavours to appoint an Independent Adviser (on the terms described in Condition 5(c)(ii)(B) below), as soon as reasonably practicable, to consult with the Issuer in determining:
 - (1) a Successor Reference Rate; or
 - (2) if the Issuer fails so to determine a Successor Reference Rate, an Alternative Reference Rate,

and, in either case, an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) no later than three Business Days prior to the Interest Determination Date relating to the next Interest Period (the **Issuer Determination Cut-off**

Date), for the purposes of determining all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(c)).

- (B) The Independent Adviser appointed pursuant to this Condition 5(c) shall act in good faith and in a commercially reasonable manner. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the VPS Agent, the VPS Trustee, the Calculation Agent and all VPS Noteholders, as applicable, for any determination made by the Issuer pursuant to this Condition 5(c).
- (C) If a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is determined by the Issuer in accordance with this Condition 5(c):
 - (1) such Successor Reference Rate or Alternative Reference Rate (as applicable) shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(c));
 - (2) such Adjustment Spread shall be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) for all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(c));
 - (3) the Issuer (following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner) may in its discretion specify:
 - (x) changes to the Conditions in order to follow market practice in relation to such Successor Reference Rate or Alternative Reference Rate (as applicable), including, but not limited to (i) the Additional Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Reference Banks, Additional Financial Centre(s) and/or Relevant Screen Page applicable to the VPS Notes and (ii) the method for determining the fallback to the Rate of Interest in relation to the VPS Notes if such Successor Reference Rate or Alternative Reference Rate (as applicable) is not available; and
 - (y) any other changes which the Issuer determines are reasonably necessary to ensure the proper operation and comparability to the Original Reference Rate of such Successor Reference Rate or Alternative Reference Rate (as applicable),which changes shall apply to the VPS Notes for all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(c)); and
 - (4) promptly following the occurrence of a Benchmark Event and the determination of any Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case, any Adjustment Spread, the Issuer shall give notice thereof (including, in the case of the appointment of an Independent Adviser, the name and contact details of such Independent Adviser) and of any changes (and the effective date thereof) pursuant to Condition 5(b)(iv)(C)(3) to the Calculation Agent, the VPS Agent, the VPS Trustee and the VPS Noteholders in accordance with Condition 14.
- (D) If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) a Successor Reference Rate or an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is not determined pursuant to the operation of this Condition 5(c) prior to the relevant Issuer Determination Cut-off Date, then the Rate of Interest for the next Interest Period shall be determined by reference to the fallback provisions of Condition 5(b)(ii)(B).

No consent of the VPS Noteholders or the VPS Trustee shall be required in connection with effecting the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case, the relevant Adjustment Spread as described in this Condition 5(c) or such other relevant changes pursuant to Condition 5(c)(ii)(C)(3), including for the execution of any documents or the taking of

other steps by the Issuer or any of the parties to the VPS Agency Agreement or the VPS Trustee Agreement (if required).

Notwithstanding any other provision of this Condition 5(c), the Agent is not obliged to concur with the Issuer or the Independent Advisor in respect of any changes or amendments as contemplated under this Condition 5(c) which would have the effect of (i) exposing the Agent to any liability or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Agent in the Agency Agreement and/or these Conditions.

Notwithstanding any other provision of this Condition 5(c), if in the Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5(c), the Agent shall promptly notify the Issuer and/or the Independent Advisor thereof and the Issuer shall direct the Agent in writing as to which alternative course of action to adopt. If the Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer and/or the Independent Advisor (as the case may be) thereof and the Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

Notwithstanding any other provision of this Condition 5(c):

- (iii) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the VPS Notes will be made pursuant to this Condition 5(c), if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the VPS Notes as:
 - (A) in the case of Senior Non-Preferred VPS Notes, MREL Eligible Liabilities; or
 - (B) in the case of Subordinated VPS Notes, Tier 2 Capital; and
- (iv) in the case of Restricted Senior Preferred VPS Notes and Senior Non-Preferred VPS Notes only, no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 5(c), if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Relevant Regulator treating the next Interest Payment Date as the effective maturity of the VPS Notes, rather than the relevant Maturity Date.

(d) **Accrual of interest**

Each VPS Note (or in the case of the redemption of part only of a VPS Note, that part only of such VPS Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such VPS Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable in respect of such VPS Note has been received by the VPS Agent and notice to that effect has been given to the VPS Noteholders in accordance with Condition 14.

(e) **Calculation Agent**

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in respect of the VPS Notes and for so long as any VPS Note is outstanding (as defined in the Agency Agreement). Where more than one Calculation Agent is appointed in respect of the VPS Notes, references in these VPS Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the VPS Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall (with the prior approval of the VPS Trustee) appoint a leading bank or investment banking firm engaged in the inter-bank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

6. PAYMENTS

(a) Method of payment

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

(b) Payments in respect of VPS Notes

Payments of principal and interest in respect of VPS Notes and notification thereof to VPS Noteholders will be made to the VPS Noteholders shown in the records of the VPS and will be effected through and in accordance with and subject to the rules and regulations from time to time governing the VPS. The VPS Agent and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any VPS Noteholder. The Issuer reserves the right at any time with the approval of the VPS Trustee to vary or terminate the appointment of the VPS Agent or the Calculation Agent and to appoint additional or other agents, provided that the Issuer shall at all times maintain (i) a VPS Agent authorised to act as an account operating institution with the VPS, (ii) one or more Calculation Agent(s) where the VPS Conditions so require, and (iii) such other agents as may be required by any other stock exchange on which the VPS Notes may be listed in each case.

Notice of any such change or of any change of any specified office shall promptly be given to the VPS Noteholders in accordance with Condition 14.

(c) Payment Day

If the date for payment of any amount in respect of any VPS Note is not a Payment Day, the holder thereof shall not be entitled to payment of the relevant payment due until the next following Payment Day and shall not be entitled to any interest or other payment in respect of any such delay.

Interpretation of principal and interest

Any reference in these VPS Conditions to principal in respect of the VPS Notes shall be deemed to include, as applicable:

- (i) the Final Redemption Amount of the VPS Notes;
- (ii) the Early Redemption Amount of the VPS Notes;
- (iii) the Optional Redemption Amount(s) (if any) of the VPS Notes;
- (iv) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7(g)); and
- (v) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the VPS Notes.

Any reference in these VPS Conditions to interest in respect of the VPS Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8.

7. REDEMPTION AND PURCHASE

(a) Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below or (if applicable, pursuant to Condition 7(l) or Condition 7(m)) substituted, each VPS Note will be redeemed by the Issuer at its

Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

(b) **Redemption for tax reasons**

Subject, if applicable to the provisions of Condition 7(g), the VPS Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this VPS Note is not a Floating Rate Note) or on an Interest Payment Date (if this VPS Note is a Floating Rate Note), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the VPS Agent and in accordance with Condition 14, the VPS Noteholders (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment date due under the VPS Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8) or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of VPS Notes; and
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measure available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the VPS Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the VPS Agent to make available at its specified office to the VPS Noteholders (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

VPS Notes redeemed pursuant to this Condition 7(b) will be redeemed at their Early Redemption Amount referred to in Condition 7(g) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) **Redemption at the option of the Issuer (Issuer Call)**

This Condition 7(c) is not applicable for Subordinated VPS Notes prior to five years from their Issue Date and references to "VPS Notes" in this Condition 7(c) shall be construed accordingly.

If Issuer Call is specified as being applicable in the applicable Final Terms, subject, if applicable, to the provisions of Condition 7(l), the Issuer may, having given not less than the minimum notice period nor more than the maximum period of notice specified in the applicable Final Terms to the VPS Noteholders in accordance with Condition 14 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the VPS Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than a Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms.

If **Sterling Make-Whole Redemption Amount** is specified in the applicable Final Terms as the Optional Redemption Amount, the Optional Redemption Amount shall be equal to the higher of (i) 100 per cent. of the principal amount outstanding of the VPS Notes to be redeemed or (ii) the principal amount outstanding of the VPS Notes to be redeemed multiplied by the price, as reported to the Issuer by the Financial Adviser, at which the Gross Redemption Yield on such VPS Notes on the Reference Date is equal to the Gross Redemption Yield (determined by reference to the middle market price) at the Quotation Time specified in the applicable Final Terms on the Reference Date of the Reference Bond, plus the Redemption Margin, all as determined by the Financial Adviser.

If **Non-Sterling Make-Whole Redemption Amount** is specified in the applicable Final Terms as the Optional Redemption Amount, the Optional Redemption Amount shall be an amount calculated by the VPS Agent equal to the higher of (i) 100 per cent. of the principal amount outstanding of the VPS Notes to be redeemed or (ii) the sum of the present values of the principal amount outstanding of the

VPS Notes to be redeemed and the Remaining Term Interest on such VPS Note (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on an annual basis at the Reference Bond Rate, plus the Redemption Margin.

All notifications, opinions, determinations, certifications, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent, shall (in the absence of wilful default, bad faith, manifest error or proven error) be binding on all parties and (in the absence of wilful default or bad faith) no liability shall attach to the Calculation Agent or in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

In the case of a partial redemption of VPS Notes, the VPS Notes to be redeemed (**Redeemed VPS Notes**) will be selected in accordance with the rules and procedures of the VPS in the relation to such VPS Notes, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**).

(d) **Redemption upon Capital Event – Subordinated VPS Notes**

This Condition 7(d) applies only to Subordinated VPS Notes and where this Condition 7(d) is specified as being applicable in the applicable Final Terms and references to “VPS Notes” and “VPS Noteholders” in this Condition 7(d) shall be construed accordingly.

Subject, if applicable, to the provisions of Condition 7(k), the VPS Notes may be redeemed at the option of the Issuer, in whole, but not in part, at any time (in the case of all VPS Notes other than Floating Rate VPS Notes) or on any Interest Payment Date (in the case of Floating Rate VPS Notes) on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 14, the VPS Noteholders (which notice shall be irrevocable) if a Capital Event has occurred.

Prior to the publication of any notice of redemption pursuant to this Condition 7(d), the Issuer shall deliver to the Agent to make available at its specified office to the VPS Noteholders a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that a Capital Event has occurred.

Notes redeemed pursuant to this Condition 7(d) will be redeemed at their Early Redemption Amount referred to in Condition 7(g) together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(e) **Redemption upon MREL Disqualification Event – Senior Preferred VPS Notes and Senior Non-Preferred VPS Notes, where applicable**

This Condition 7(e) applies only to Senior Preferred VPS Notes and Senior Non-Preferred VPS Notes, in each case, only where this Condition 7(e) is specified as being applicable in the applicable Final Terms and references to “VPS Notes” and “VPS Noteholders” in this Condition 7(e) shall be construed accordingly.

Subject, if applicable, to the provisions of Condition 7(k), the VPS Notes may be redeemed at the option of the Issuer, in whole, but not in part, at any time (in the case of all VPS Notes other than Floating Rate VPS Notes) or on any Interest Payment Date (in the case of Floating Rate VPS Notes) on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 14, the VPS Noteholders (which notice shall be irrevocable) if a MREL Disqualification Event has occurred.

Prior to the publication of any notice of redemption pursuant to this Condition 7(e), the Issuer shall deliver to the Agent to make available at its specified office to the VPS Noteholders a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that a MREL Disqualification Event has occurred.

Notes redeemed pursuant to this Condition 7(e) will be redeemed at their Early Redemption Amount referred to in Condition 7(g) together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(f) **Redemption at the option of the VPS Noteholders (Investor Put)**

This Condition 7(f) is only applicable to Senior Preferred VPS Notes which are not Restricted Senior Preferred VPS Notes and references to “VPS Notes” in this Condition 7(f) shall be construed accordingly.

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any VPS Note giving to the Issuer in accordance with Condition 14 not less than the minimum notice period nor more than the maximum period of notice specified in the applicable Final Terms, the Issuer will, upon the expiry of such notice, redeem such VPS Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of the VPS Notes, the holder of the VPS Notes must, within the notice period, give notice (the **Put Notice**) to the VPS Agent of such exercise in accordance with the standard procedures of the VPS from time to time.

Any Put Notice given by a holder of any VPS Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 10.

(g) **Early Redemption Amounts**

For the purpose of Condition 7(b), 7(d), 7(e) and Condition 10:

- (i) each VPS Note (other than a Zero Coupon Note) will be redeemed at its Early Redemption Amount; and
- (ii) each Zero Coupon Note will be redeemed at an amount (the “**Amortised Face Amount**”) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the VPS Notes to (but excluding) the date fixed for redemption (or as the case may be) the date upon which such VPS Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the VPS Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such VPS Note becomes due and repayable and the denominator will be 360) or (iii) actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of VPS Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such VPS Note becomes due and repayable and the denominator will be 365).

(h) **Purchases**

Subject, if applicable to the provisions of Condition 7(k), the Issuer or any Subsidiary of the Issuer may at any time purchase VPS Notes at any price in the open market or otherwise. Such VPS Notes may be held, reissued, resold or, at the option of the Issuer, cancelled by causing such VPS Notes to be deleted from the records of the VPS.

(i) **Cancellation**

All VPS Notes purchased by or on behalf of the Issuer or any of its Subsidiaries may be cancelled by causing such VPS Notes to be deleted from the records of the VPS.

All VPS Notes which are redeemed will forthwith be cancelled in the same manner. Any VPS Notes so cancelled may not be reissued or resold and the obligations of the Issuer in respect of any such VPS Notes shall be discharged.

(j) **Late payment on Zero Coupon Notes**

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph 7(a), 7(b), 7(c) or 7(f) or upon its becoming due and repayable as provided in

Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount as provided in Condition 7(g)(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the VPS Noteholders in accordance with Condition 14.

(k) **Consent**

This Condition 7(k) applies to (i) Senior Preferred VPS Notes where Regulatory Consent is specified as being applicable in the applicable Final Terms (“**Restricted Senior Preferred VPS Notes**”), (ii) Senior Non-Preferred VPS Notes and (iii) Subordinated VPS Notes.

In the case of (i) Restricted Senior Preferred VPS Notes, (ii) Senior Non-Preferred VPS Notes and (iii) Subordinated VPS Notes, no early redemption in any circumstances, purchase under Condition 7(h), substitution or variation under Condition 7(l) (in the case of Subordinated VPS Notes) or substitution or variation under Condition 7(m) (in the case of Senior Non-Preferred VPS Notes and Restricted Senior Preferred VPS Notes) shall take place without the prior written permission of the Relevant Regulator (in each case, if, and to the extent, then required by the Relevant Regulator and, in the case of Restricted Senior Preferred VPS Notes and Senior Non-Preferred VPS Notes, by the Applicable MREL Regulations). In addition, in respect of any redemption of Subordinated VPS Notes pursuant to Condition 7(b) or 7(d) only, and except to the extent the Relevant Regulator no longer so requires, the Issuer may only redeem the Subordinated VPS Notes before five years after the Issue Date if the Issuer demonstrates to the satisfaction of the Relevant Regulator that the circumstance that entitles it to exercise such right of redemption was not reasonably foreseeable as at the Issue Date. For the avoidance of doubt, redemption of Senior Preferred VPS Notes, Senior Non-Preferred VPS Notes or Subordinated VPS Notes under Condition 7(a) or repayment pursuant to Condition 10 or Condition 11, as the case may be, shall not require the consent of the Relevant Regulator.

(l) **Substitution or Variation – Subordinated VPS Notes**

This Condition 7(l) applies only to Subordinated VPS Notes and where this Condition 7(l) is specified as being applicable in the applicable Final Terms, and references to “VPS Notes” and “VPS Noteholders” in this Condition 7(l) shall be construed accordingly.

If at any time a Capital Event occurs and is continuing, or in order to ensure the effectiveness and enforceability of Condition 20, the Issuer may, subject to the provisions of Condition 7(k) (without any requirement for the consent or approval of the VPS Noteholders) on giving not less than 30 nor more than 60 days’ notice to the Agent and, in accordance with Condition 14, the VPS Noteholders (which notice shall be irrevocable) either substitute all (but not some only) of the VPS Notes for, or vary the terms of the VPS Notes (including changing the governing law of Condition 20, from English law to Norwegian law) so that they remain or, as appropriate, become, Qualifying Subordinated Securities (as defined below), provided that such substitution or variation does not itself give rise to any right of the Issuer to redeem the substituted or varied securities that are inconsistent with the redemption provisions of the Notes.

Any such substitution of the VPS Notes for, or variation of the terms of the VPS Notes so that they remain or, as appropriate, become, Qualifying Subordinated Securities as aforesaid, is subject to the Issuer delivering to the Agent in advance of any such substitution or variation, a certificate in the form described in the definition of Qualifying Subordinated Securities in accordance with the provisions thereof which the Agent shall make available at its specified office to the VPS Noteholders.

(m) **Substitution or Variation – Senior Preferred VPS Notes and Senior Non-Preferred VPS Notes, where applicable**

This Condition 7(m) applies only to Senior Preferred VPS Notes and Senior Non-Preferred VPS Notes, in each case, only where this Condition 7(m) is specified as being applicable in the applicable Final Terms and references to “VPS Notes” and “VPS Noteholders” in this Condition 7(m) shall be construed accordingly.

If at any time a MREL Disqualification Event occurs and is continuing, or in order to ensure the effectiveness and enforceability of Condition 20, the Issuer may, subject to the provisions of Condition

7(k) (without any requirement for the consent or approval of the VPS Noteholders) on giving not less than 30 nor more than 60 days' notice to the Agent and, in accordance with Condition 14, the VPS Noteholders (which notice shall be irrevocable) either substitute all (but not some only) of the VPS Notes for, or vary the terms of the VPS Notes (including changing the governing law of Condition 19, from English law to Norwegian law) so that they remain or, as appropriate, become, Qualifying MREL Securities (as defined below), provided that such substitution or variation does not itself give rise to any right of the Issuer to redeem the substituted or varied securities that are inconsistent with the redemption provisions of the VPS Notes.

Prior to any such substitution or variation of the VPS Notes, the Issuer shall deliver to the Agent a certificate in the form described in the definition of Qualifying MREL Securities in accordance with the provisions thereof.

8. TAXATION

8.1 Gross-up

Subject as provided in Condition 8.2 below, all payments of principal and interest in respect of the VPS Notes by or on behalf of the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the VPS Notes after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the VPS Notes in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any VPS Note:

- (a) presented for payment in Norway;
- (b) the holder of which is liable for such taxes in respect of such VPS Note by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such VPS Note; or
- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6(c)).

As used herein:

Tax Jurisdiction means Norway or any political subdivision or any authority thereof or therein having power to tax (in the case of payments by the Issuer); and

The story of Sparebanken Pluss started back in 1824 when Christianssands Sparebank was established as one of the first savings banks in Norway. Sparebanken Agder was formed in 1984 as a result of a merger between Christianssands Sparebank and several other local banks. Two other savings banks became part of Sparebanken Agder in 1985 and 1986. The name of the bank was later changed to Sparebanken Pluss in 1988.

The story of former Sparebanken Sør goes back to 1825, when Arendal Sparebank was established as one of the first six banks in Norway. In 1973, Arendal Sparebank merged with four other savings banks in Aust-Agder and formed Aust-Agder Sparebank.

Former Sparebanken Sør was established in 1984, following a merger between Aust-Agder Sparebank, two other savings banks in Aust-Agder and nine savings banks in Vest-Agder. Since then, the bank merged with savings banks in Telemark, and opened branches in Grenland, which is the most populous part of Telemark.

Taxation

NORWAY

The following is a general description of certain Norwegian tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Norway of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Taxation on Interest

Interest paid to a non-resident holder of Notes will not be subject to Norwegian income or withholding tax. Such holder of Notes may, however, be subject to taxation if the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway.

Such tax liability may be modified through an applicable tax treaty.

In a White Paper to the Norwegian Parliament in October 2015 (Meld. St. 4 (2015-2016)), the Government advised that it will look further into the possible introduction of a Norwegian withholding tax on interest. A detailed proposal is expected to be submitted for public consultation when ready.

Taxation of Capital Gains

A non-resident holder of Notes is not taxed in Norway on gains derived from the sale, disposal or redemption of the Notes. Such holder of Notes may, however, be subject to taxation if the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway.

Such tax liability may be modified through an applicable tax treaty.

Wealth Tax

Norway does not levy any property tax or similar taxes on the Notes.

An individual non-resident holder of Notes is not subject to wealth tax, unless the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway.

Such tax liability may be modified through an applicable tax treaty.

Transfer Tax

There is currently no Norwegian transfer tax on the transfer of Notes.

FOREIGN ACCOUNT TAX COMPLIANCE ACT

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as **FATCA**, a **foreign financial institution** (as defined by FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions, including Norway, have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (IGAs), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of FATCA provisions and IGAs to instruments such as Notes, including whether withholdings would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA, or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal income tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially

modified after such date (including by reason of a substitution of the Issuer). However, if additional Notes (as described under “*Terms and Conditions of the Notes – Further Issues*” and “*Terms and Conditions of the VPS Notes – Further Issues*”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes.

THE PROPOSED FINANCIAL TRANSACTIONS TAX (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission’s Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation EC No 1287/2006 are expected to be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Subscription and Sale

The Dealers have, in an amended and restated programme agreement (such Programme Agreement as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**) dated 5 July 2019, agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*”, “*Terms and Conditions of the Notes other than VPS Notes*” and “*Terms and Conditions of the VPS Notes*”. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in the Programme Agreement. Any such agreement will *inter alia* make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Programme Agreement makes provision for the resignation or renewal of existing Dealers and the appointment of additional Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

UNITED STATES

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes (other than VPS Notes) are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. In the case of Notes other than VPS Notes, the applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.
